How long can one stay true to a commitment?

## 80 years and counting.

On 3 March 1933, the very first customers of a small money changing shop on Wing Lok Street were greeted as honoured guests.

80 years on, Hang Seng remains committed to our founding principles.

**Today**, we have earned the trust of over three million customers.

**Today**, we are the only bank offering extensive branch services along MTR stations.

**Today**, we are recognised as the Best Domestic Bank in Hong Kong.\*

**Today**, we still continue to go beyond banking. Last year, our staff collectively contributed 25,000 hours of volunteer community service.

\*Named "Best Domestic Bank in Hong Kong" by *The Asset* for 13 consecutive years.

Responsive. Responsible.
