IMPORTANT RISK WARNINGS / FUND INFORMATION FOR HONG KONG INVESTORS

- Hang Seng H-Share Index ETF (the "HS H-Share ETF") invests primarily in the constituent stocks of the Hang Seng China Enterprises Index (the "H-Share Index").
 - The HS H-Share ETF is different from a typical unit trust, and like other listed stocks, carry similar risks such as liquidity risk and risk of trading suspension. The market price per Unit could be higher or lower than its Net Asset Value per Unit due to market demand and supply, liquidity and scale of trading spread in the secondary market and will fluctuate during the trading day.
 - The HS H-Share ETF is subject to tracking error risks, risks associated with passive investments and risks of concentration of investments in a single market/one or several constituent stocks of the H-Share Index.
 - Investment involves risks and investors may lose substantial part of their investment in the HS H-Share ETF.
- Investors should not only base on this factsheet alone to make investment decisions, but should read the HS H-Share ETF's offering documents (including the full text of the risk factors stated therein) in detail.
