IMPORTANT RISK WARNINGS / FUND INFORMATION FOR HONG KONG INVESTORS

- Hang Seng FTSE/Xinhua China 25 Index ETF (the "HS FXI25 ETF") is an index-tracking fund which aims to match, before expenses, as closely as practicable the performance of the FTSE/Xinhua China 25 Index (the "Index"). The HS FXI25 ETF invests primarily in the constituent stocks of the Index.
 - The HS FXI25 ETF is different from a typical unit trust as it is listed on The Stock Exchange of Hong Kong Limited, and like other listed stocks, carry similar risks such as liquidity risk and risk of trading suspension. The market price per Unit could be significantly higher or lower than its Net Asset Value per Unit due to market demand and supply, liquidity and scale of trading spread in the secondary market and will fluctuate during the trading day.
 - The HS FXI25 ETF is subject to tracking error risks, risks associated with passive investments and risks of concentration of investments in a single market/several constituent stocks of the Index.
 - Investment involves risks and investors may lose substantial part of their investment in the HS FXI25 ETF.
- Investors should not only base on this factsheet alone to make investment decisions, but should read the HS FXI25 ETF's offering documents (including the full text of the risk factors stated therein) in detail.
