

Hang Seng Prestige Banking Welcome Offers Promotion (April – June 2024) – Terms and Conditions

General Terms and Conditions:

- a. Unless otherwise specified, the promotion period of Hang Seng Prestige Banking Welcome Offers Promotion is from 1 April 2024 to 30 June 2024, both dates inclusive (“Promotion Period”).
- b. Each Eligible Customer can only enjoy the offers once unless otherwise specified. The offers cannot be used in conjunction with other promotional offers of the same product offered by Hang Seng Bank Limited (the “Bank”).
- c. The Bank reserves the right to suspend, vary or terminate this promotion and the related offers and to amend these terms and conditions at any time without prior notice. The decision of the Bank on all matters relating to this promotion and the related offers shall be final and binding on all the parties concerned. The relevant offers are subject to the terms and conditions of the relevant products/services. If there is any inconsistency between the terms and conditions of the relevant products/services and these terms and conditions, these terms and conditions shall prevail.
- d. No person other than the Customer and the Bank (which includes its successors and assigns) will have any right under the Contracts (Rights of Third Parties) Ordinance to enforce or enjoy the benefit of any of the provision of these terms and conditions.
- e. These terms and conditions are governed by and will be construed in accordance with the laws of the Hong Kong Special Administrative Region.
- f. These terms and conditions are subject to prevailing regulatory requirements.
- g. In case of any discrepancy between the English and the Chinese versions of these terms and conditions, the English version shall prevail.

Prestige Banking Welcome Rewards:

- a. Unless otherwise specified, the offers are only applicable to customers who meet the account opening requirements and have newly opened/upgraded to Integrated Account of Prestige Banking (“Prestige Banking”) at the Bank branches or through digital channels (including Hang Seng Personal Banking mobile app/Hang Seng Personal e-Banking) or phone banking hotline during the Promotion Period (the “Eligible Customers”), excluding:
 - (1) existing customers who are holding sole-named or joint-named Prestige Banking; or
 - (2) customers who have ever held any sole-named or joint-named Prestige Banking account with the Bank during the previous 12 months prior to the account opening/ upgrade month; or
 - (3) customers whose any accounts have been terminated in any period.
- b. “New Customer(s)” mentioned herein refers to Eligible Customers who have opened a new Prestige Banking of the Bank during the Promotion Period, excluding:
 - (1) existing customers who are holding any Hong Kong dollars/foreign currency savings, current, time deposit accounts or any Integrated Accounts at the Bank (including Prestige Banking, Preferred Banking, Green Banking and any other Integrated Account) (“Existing Customer(s)”), or
 - (2) customers who have ever held any above account with the Bank in the previous 12 months prior to the account opening month; or
 - (3) customers whose accounts mentioned above have been terminated in any period.
- c. In case the relevant Prestige Banking is a joint-named account, only the primary account holder can enjoy the offers.

Upon application to this Plan, insurance premium will be payable to Chubb, and Chubb will provide the Bank with commission and performance bonus as remuneration for distribution of this Plan. The existing staff remuneration policy on sales offered by the Bank takes into account various aspects of the staff performance instead of focusing solely on the sales amount.

In respect of an eligible dispute (as defined in the Terms of Reference for the Financial Dispute Resolution Centre in relation to the Financial Dispute Resolution Scheme) arising between the Bank and the customer out of the selling process or processing of the related transaction, the Bank is required to enter into a Financial Dispute Resolution Scheme process with the customer; however, any dispute over the contractual terms of the insurance product, underwriting, claims and policy service should be resolved directly between Chubb and the customer.

The above information is intended to be a general summary for reference only. Please refer to the policy wording for exact terms, conditions, details of the exclusions and relevant product risks.

Risk Disclosure**Risk Disclosure of Investment Fund:**

- Investors should note that all investments involve risks (including the possibility of loss of the capital invested), prices or value of investment fund units may go up as well as down and past performance information presented is not indicative of future performance. Investors should read carefully and understand the relevant offering documents of the investment funds (including the fund details and full text of the risk factors stated therein) and the Notice to Customers for Fund Investing before making any investment decision. Investment funds are investment products and some may involve derivatives.

Investors should carefully consider their own circumstances whether an investment is suitable for them in view of their own investment objectives, investment experience, preferred investment tenor, financial situation, risk tolerance abilities, tax implications and other needs, etc., and should understand the nature, terms and risks of the investment products. Investors should obtain independent professional advice if they have concerns about their investment.

The risks for funds which are index funds include but not limited to:

- Tracking error risk: There can be no assurance that the performance of the relevant fund will be identical to the performance of the relevant index. Factors such as the fees and expenses borne by the relevant fund, the time differences associated with portfolio re-balancing, the prices at which the constituent stocks of the relevant index are acquired or disposed by the relevant fund, the market condition at the relevant time of acquisition or disposal, the index-tracking strategies or financial derivative instruments used will affect the performance of such fund relative to the relevant index.
- Passive investment risk: Fund manager does not have any discretion to select stocks individually or to take defensive positions in declining markets or changes in the composition of the index. Hence, any fall in the relevant index will result in corresponding fall in the value of the relevant fund. The composition of the relevant index may change and stocks currently comprising the relevant index may subsequently be delisted. Other stocks may also be added subsequently to become constituent stocks of the relevant index.
- Concentration risk: The relevant fund may be concentrated in a single or particular sector(s) or single country/ region. The performance of the relevant fund could depend substantially on the performance of the relevant single or particular sector(s)/market(s) and the relevant fund is likely to be more volatile than a broad-based fund as it is more susceptible to adverse conditions in the relevant single or particular sector(s) / market (s). In seeking to reflect the weightings of constituent stocks of the relevant index, investments of the relevant fund may be concentrated in a single constituent stock or several constituent stocks. The performance of the relevant index and the fund may be significantly affected by the price fluctuation of one or several of the constituent stocks of the relevant index.

The risks for funds which are bond funds, including but not limited to the credit/default risks of the issuers of the bonds in which the bond funds invest, interest rate risk and liquidity risk etc.

Risk Disclosure of Structured Products:

- Structured Products involve derivatives. The investment decision is yours but you should not invest in a Structured Product unless the intermediary who sells it to you has explained to you that the Structured Product is suitable for you having regard to your financial situation, investment experience and investment objectives. Structured Product is a complex product and you should exercise caution in relation to Structured Products. The market value of the Structured Products may fluctuate and investors may sustain a total loss of their investment. Prospective investors should therefore ensure that they understand the nature of the Structured Products and carefully study the risk factors set out in the offering documents for the Structured Products and, where necessary, seek independent professional advice, before they decide whether to invest in any Structured Products. If you purchase the Structured Products, you are relying upon the creditworthiness of the Issuer of the Structured Products.
- Liquidity risk - Structured Products are designed to be held to its maturity. You may not be able to sell your investment in the Structured Products before maturity. If you try to sell the Structured Products before maturity, the amount you receive may be substantially less than the investment amount you paid for the Structured Products.
- Credit risk of the Structured Products issuer - Structured Products constitute general unsecured and unsubordinated contractual obligations of the issuer. When you buy Structured Products, you will be relying on the creditworthiness of the Structured Products issuer and of no other person. You have no rights under the terms and conditions of the Structured Products against any issuer of any linked underlying(s). If the relevant Structured Products issuer becomes insolvent or default on its obligations under the Structured Products, in the worst case scenario, you could lose all of your investment.

- Not the same as investing in linked underlying(s) - Investing in Structured Products is not the same as investing in the linked underlying(s). Changes in the market price or level of any linked underlying(s) may not lead to a corresponding change in the market value of, or your potential gain or loss under, the Structured Products.
- Before making any investment, investors should i) read and fully understand all the offering documents relating to Structured Products and all the risk disclosure statements and risk warnings therein; and ii) make investment decisions in light of your own investment objectives, financial position and particular needs and where necessary consult your own professional advisers before investing.

Important Risk Warning of Bond and Certificate of Deposit Product:

- Bonds and Certificates of Deposit (CDs) are investment products. The investment decision is yours but you should not invest in a bond/CD unless the intermediary who sells it to you has explained to you that the bond/CD is suitable to you having regard to your financial situation, investment experience and investment objectives. Your intermediary is under a duty to assure that you understand the nature and risks of this product, and that you have sufficient net worth to be able to assume the risks and bear the potential losses of trading in this product.
- Bonds are not deposits and should not be treated as substitute for conventional time deposits.
- Certificate of Deposit is not a protected deposit and is not protected by the Deposit Protection Scheme in Hong Kong.
- Investors who purchase bonds/CDs are exposed to the credit risk of the issuer and guarantor (if any) of the bonds/CDs. There is no assurance of protection against a default by the issuer/guarantor in respect of the repayment obligations. In the worst-case scenario, any failure by the issuer and the guarantor (if any) to perform their respective obligations under the bonds/CDs when due may result in a total loss of all of your investment.
- Renminbi (RMB) is not a freely convertible currency. As such, investors trading bonds and/or CDs denominated in RMB are subject to additional risks (such as currency risk).
- The above is not an exhaustive list of risk factors. Please refer to the section on “Risk Factors” in the relevant “Bond / Certificate of Deposit Trading Services” Factsheet to understand other risk factors applicable to bonds and CDs.
- The information displayed does not constitute nor is it intended to be construed as any professional advice, offer, solicitation or recommendation to deal in Bonds / CDs. Investors should be aware that all investments involve risks (including the possibility of loss of the capital invested). The prices of Bonds and CDs may go up as well as down and past performance is not indicative of future performance. Investors should not only base on this information alone to make investment decisions, and should carefully consider whether an investment is suitable for them in view of their own investment objectives, investment experience, investment tenor, financial situation, risk tolerance abilities, tax implications and other needs, etc., and should read the relevant product offering documents and terms and conditions (including the full text of the risk factors therein) in detail before making any investment decisions. Investors should obtain independent professional advice if they have concerns about their investment.
- No guarantee, representation, warranty or undertaking, express or implied, is made as to the fairness, accuracy, timeliness, completeness or correctness of any general financial and market information, news services and market analysis, projections and/or opinions (“Market Information”) provided above and the basis upon which any such Market Information have been made, and no liability or responsibility is accepted by the Bank in relation to the use of or reliance on any such Market Information whatsoever provided in the webinar.
- Investors must make their own assessment of the relevance, accuracy and adequacy of the information provided and make such independent research/investigations as they may consider necessary or appropriate for the purpose of such assessment. The Bank does not make any representation or

recommendation or assessment as to whether or not any of the investment(s) mentioned are suitable or applicable to any persons and thus shall not be held responsible in this regard.

Risk Disclosure of MaxiInterest Investment Deposit:

- This is a structured product involving derivatives. The investment decision is yours but you should not invest in the MaxiInterest Investment Deposit unless the intermediary who sells it to you has explained to you that the product is suitable for you having regard to your financial situation, investment experience and investment objectives. Investors should read the relevant Important Facts Statement, Terms and Conditions and risk disclosure statement before making any investment decision.
- Investors should note that this product is not capital protected and is not a normal time deposit, and thus should not be considered as normal time deposit or its alternative.
- Earnings on this product are limited to the nominal interest payable. As the principal and the earning will be paid in the Deposit Currency or the Linked Currency, whichever has depreciated against the other, investors will have to bear the potential losses due to currency depreciation, which may be substantial. If the product is withdrawn before maturity, investors will also have to bear the costs involved. Such losses and costs may reduce the earnings and the principal amount of this product. Investors should seek professional advice where necessary. The relevant Terms and Conditions of this product are available upon request to the staff of the Bank.
- This product is not a protected deposit and is not protected by the Deposit Protection Scheme in Hong Kong.
- Investment in this product is subject to the credit risk of the Bank.
- Renminbi (RMB) is subject to foreign exchange control by the PRC government and thus investors investing in the MaxiInterest Investment Deposit involving RMB are subject to the currency risk of RMB.

Risk Disclosure of Capital Protected Investment Deposit:

- This is a structured product involving derivatives. The investment decision is yours but you should not invest in the Capital Protected Investment Deposit unless the intermediary who sells it to you has explained to you that the product is suitable for you having regard to your financial situation, investment experience and investment objectives. Investor should read the Important Facts Statement of the relevant investment type, the relevant term sheet, Terms and Conditions and risk disclosure statement before making any investment decision.
- Investor should note that this product is not normal time deposit and thus should not be considered as normal time deposit or its alternative.
- This product is not a protected deposit and is not protected by the Deposit Protection Scheme in Hong Kong.
- Investment in this product is subject to the credit risk of the Bank.
- Renminbi (RMB) is subject to foreign exchange control by the PRC government and thus investors investing in the Currency-Linked Capital Protected Investment Deposit involving RMB are subject to the currency risk of RMB.

Risk Disclosure of Securities Investment:

Investors should note that investment involves risks. The prices of securities fluctuate, sometimes dramatically. The price of a security may move up or down, and may become valueless. It is as likely that losses will be incurred rather than profit made as a result of buying and selling securities.

Investors should note that investing in different Renminbi-denominated securities and products involves different risks (including but are not limited to currency risk, exchange rate risk, credit risk of issuer / counterparty, interest rate risk, liquidity risk (where appropriate)). The key risks of investing in securities via the Stock Connect Northbound Trading include:

- Once the respective quota is used up, trading will be affected or will be suspended.

- Stock Connect Northbound Trading will only operate on days when both markets are open for trading. Investors should take note of the days the Stock Connect Northbound Trading is open for business and decide according to their own risk tolerance whether or not to take on the risk of price fluctuations in securities during the time when Stock Connect Northbound Trading is not trading.
- When a security is recalled from the scope of eligible securities for trading via Stock Connect Northbound Trading, that security can only be sold but NOT bought.
- Investors will be exposed to currency risk if conversion of the local currency into RMB is required.

Foreign securities carry additional risks not generally associated with securities in the domestic market. The value or income (if any) of foreign securities may be more volatile and could be adversely affected by changes in many factors. Client assets received or held by the licensed or registered person outside Hong Kong are subject to the applicable laws and regulations of the relevant overseas jurisdiction which may be different from the Securities and Futures Ordinance (Cap.571) and the rules made thereunder. Consequently, such client assets may not enjoy the same protection as that conferred on client assets received or held in Hong Kong.

Investors should note that ETF is different from a typical unit trust and many factors will affect its performance. In general, the market price per ETF unit may be significantly higher or lower than its net asset value per unit due to market demand and supply, liquidity, and scale of trading spread in the secondary market and will fluctuate during the trading day. ETF is different from stocks, investors should read the offering documents of the relevant ETF and understand the features and risks of ETF etc.

RMB Currency Risk

Renminbi ("RMB") is subject to exchange rate risk. Fluctuation in the exchange rate of RMB may result in losses in the event that the customer subsequently converts RMB into another currency (including Hong Kong Dollars). Exchange controls imposed by the relevant authorities may also adversely affect the applicable exchange rate. RMB is currently not freely convertible and conversion of RMB may be subject to certain policy, regulatory requirements and/or restrictions (which are subject to changes from time to time without notice). The actual conversion arrangement will depend on the policy, regulatory requirements and/or restrictions prevailing at the relevant time.

Foreign Currency Risk

Foreign Exchange involves Exchange Rate Risk. Fluctuations in the exchange rate of a foreign currency may result in gains or losses in the event that the customer converts HKD to foreign currency or vice versa, and/or in the event that the customer converts a foreign currency time deposit to HKD upon maturity.
