

Our Plan for 2021 and Beyond

Welcome to ESG Bus!

Bus Stop 8: Our Plan for 2021 and Beyond

Starting from 2021, our new ESG strategy will focus on 6 key ESG pillars

1. Environmental targets

We commit to being carbo-neutral for our operation by 2030

We have also set targets for

Electricity consumption

Greenhouse gas emissions

Water consumption

Waste diversion

Paper consumption

2. Sustainable finance

We support our community's transition to a low-carbon economy

With sustainable finance solutions, such as green loans

3. Youth

We will continue to invest in corporate social responsibility and encourage our younger generations to achieve shared goals

4. Climate risk management

We are strengthening our risk management capabilities

5. Advocacy and awareness

We aim to earn recognition as an ESG leader from the community, investors and government bodies

6. Robust disclosure

We put in place the internationally recognised standards for ESG disclosure

Let's continue to make Hang Seng a leading entity to drive ESG in the banking industry!

Hang Seng aspires to become a leading entity to drive ESG in the banking industry.
