

Capital Protected Investment Deposit – 3 Features (Video Transcript)

Are you looking for a FX investment product that involves lower risk, offers you capital protection and the opportunity to earn higher potential return? Hang Seng Bank's "Capital Protected Investment Deposit" Offers 3 key features that seek to meet your investment needs.

Feature 1: 100% capital protection and the opportunity to earn a higher potential return. Choose your deposit currency and tailor the choice of currency pair based on your expected currency trends. If the market moves in the direction you anticipated, you can enjoy 100% capital protection and higher potential return upon maturity even if the market moves against your favour. You can get 100% capital protection and predetermined minimum return upon maturity.

Feature 2: Lower online investment amount. Start investing with as low as HKD5,000 online investment amount.

Feature 3: Flexible investment options. Meet diverse investment needs with a variety of underlying currency pairs for selection, you may choose investment tenor as short as 2 months.

Start your foreign currency investment with ease.

Investment involves risks. Prices of foreign exchange may go up or down. Investors should not only base on this marketing material alone to make any investment decision, but should read in detail the offering documents and the risk disclosure statement of the relevant investment products.

Risk Warnings of Capital Protected Investment Deposit

This is a structured product involving derivatives. The investment decision is yours but you should not invest in the Capital Protected Investment Deposit unless the intermediary who sells it to you has explained to you that the product is suitable for you having regard to your financial situation, investment experience and investment objectives. Investor should read the Important Facts Statement of the relevant investment type, the relevant term sheet, Terms and Conditions and risk disclosure statements before making any investment decision.

- Investor should note that this product is not normal time deposit and thus should not be considered as normal time deposit or its alternative.
- This product is not a protected deposit and is not protected by the Deposit Protection Scheme in Hong Kong.
- Investment in this product is subject to the credit risk of the Bank.
- Renminbi (RMB) is subject to foreign exchange control by the PRC government and thus investors investing in the Currency-Linked Capital Protected Investment Deposit involving RMB are subject to the currency risk of RMB.
